Re: File No. SES-LIC-20070927-01397

Dear Mr. Norton:

On September 27, 2007, RumJungle Media, Inc. filed by paper the above-captioned application for authority to operate a Temporary-Fixed Ku-Band Transmit-Only Earth Station. For reasons discussed below, we dismiss the application as defective, without prejudice to refiling.¹

Section 25.112 of the Commission's rules, 47 C.F.R. § 25.112, requires the Commission to return, as unacceptable for filing, any earth station application that is not substantially complete, contains internal inconsistencies, or does not substantially comply with the Commission's rules. RumJungle Media, Inc.'s application does not comply with the Commission's rules, which renders it unacceptable and subject to dismissal. The deficiency is as follows:

Pursuant to Section 25.130(a) of the Commission's rules, 47 C.F.R. § 25.130(a), transmitting earth station license applications must be filed electronically through the International Bureau Filing system using Form 312, including Schedule B. RumJungle Media, Inc. did not submit its application electronically.

¹ If RumJungle Media, Inc. refiles an application in which the deficiencies identified in this letter have been corrected but otherwise identical to the one dismissed, it need not pay an application fee. See 47 C.F.R. § 1.1109(d).

Consequently, we dismiss RumJungle Media, Inc.'s application without prejudice to refile. In preparing any application to be refiled, RumJungle Media, Inc. may wish to refer to the International Bureau Filing System (IBFS) website at www.fcc.gov/ibfs. If you need any technical assistance with IBFS, please contact the IBFS help desk at 202-418-2222.
